

CICA International
&
University of Public and Individual Security "Apeiron"
in Krakow, Poland

cordially invite you for the scientific conference

**LXIII CICA - XVII SECURITY FORUM
KRAKOW
26-17 May 2021**

The conference will come in an **in-person event***

* with a possible change to a hybrid form – depending on a current situation.

We invite to the conference

- scholars and experts studying security
- officers and employees of institutions and services ensuring civic security
- students and PhD candidates

Proposed topics

- Europe's chances, challenges, risks and threats during the changing socio-political reality
- security and defence policy in EU and NATO activities
- international alliances and conflicts
- migration crisis
- national and international aspects of state security
- personal security, a wide range of human security
- security culture: personal and group aspects of negative cooperation

Erasmus+ International Days

Also on 26-27 May 2022, at the same venue, **Erasmus+ International Days** at University of Public and Individual Security "Apeiron" in Krakow will take place. We heartily invite participants to take part in discussion panel dedicated to Erasmus+ programme. We will present actual goals of Erasmus+ and information about digital transformation. There will be also a presentation of WSBPI "Apeiron" student who is participating in study mobility. The Erasmus+ Info Point will also be held, at which participants will be able to learn more about the programme.

Participation terms

The conference fee will be announced next week together with an application form.

Bank details for payments will be given in the application form.

Presentations may be given in Polish or English. The participants are asked to prepare concise digital presentations in English – this is an obligatory requirement.

The deadline for registration and submitting abstracts is 30 April 2022.
